## RF Attenuators    **NPB JXP PADS**

Our **1" JXP NPB attenuator pads** are high quality 1.2GHz attenuators. They are engineered and built with the intent to be the **best** in the industry. These hard plastic encased JXPs are 100% compatible with the OEM's RF amplifier line. The internal "PC" board is ceramic for unsurpassed thermal and return loss specifications. The pad has a raised **TBBS logo** for easy identification of its manufacturer.
