## RF Attenuators Cisco “Gainmaker” compatible

Our S-A “Gainmaker” compatible attenuator pads are high quality 1.2GHz attenuators. They are engineered and built with the intent to be the **best** in the industry. These hard plastic encased JXPs are 100% compatible with the OEM’s RF amplifier line. The internal “PC” board is ceramic for unsurpassed thermal and return loss specifications. The pad has a raise **TBBS logo** for easy identification of it’s manufacturer.
